Tip Tuesday!

DRMS

Get Your DHI Reports Faster with WebReports

Sign up for WebReports for immediate access to two years of your Herd Summaries (DHI-202) and the most recent three months of all other reports you receive as PDFs. You receive an email notification when your reports are available on the DRMS website and you can access them faster than waiting for mailed reports. You may use them in conjunction with paper reports or go fully digital.

To get started:

1. Go to **drms.org**

2. **Login** with your herdcode and RAC

3. Click on **your herdcode**

4. Click on the **WebReports** tab

5. Click **Enroll in WebReports**

6. Click the **Notifications** tab

7. Click **Add email address**

8. Enter your **email address**

9. Click the box next to **WebReports**

Note: You may also click Lab Hot Sheets and Lab Preg Results if you would also like to receive notifiaction of these via email.

10. Click **Save**

Note: The fee for WebReports depends on your herd size. Contact DRMS or your DHIA for details.

Once you're enrolled:

11. Click **Reports & Data Tools**

12. Click **WebReports**.

13. Click on the **report** you want to view.
